

List showing our collaboration with various **international** scientists

Collaborator	Institute	Project	Duration / Outcome /Web
Jan Pechenik	Tufts University, USA	Delayed Metamorphosis	2007-2009 Joint publication https://ase.tufts.edu/biology/faculty/pechenik/
Louis A. Gosselin	Thompson Rivers University, Canada	Larval Energy	2007-2009 Joint publication <u>Got a grant together in 2012 from Canada</u> https://faculty.tru.ca/lgosselin/index.html
Atsushi Ishimatsu	Nagasaki University, Japan	Ocean acidification	2008-2018 Joint student supervision http://www.fe.nagasaki-u.ac.jp/5year/english/staff/ishimatsu.html
Andrew Mount	Clemson University, USA	Biom mineralization	2010-2018 Joint Grants, supervision and publications https://oceanos.sites.clemson.edu/index.html
Shirley Lim	National Institute of Education, Singapore	Larval Proteomics	2010-2011 Joint grant and student supervision https://nie.edu.sg/profile/lim-shirley
Howard I Browman	Institute of Marine Research, Norway	Ocean acidification	2010-2017 Joint publications and grants https://fishlarvae.org/people/scientists/howard-i-browman/
Jon Havenhand	University of Gothenburg, Sweden	Ocean acidification	2013-2018 Joint supervision and publications https://marine.gu.se/english/about-us/staff?languageId=100001&userId=xhavjo
Marco Milazzo	University of Palermo, Italy	Ocean acidification	2013-2014 Joint publication https://pure.unipa.it/en/persons/marco-milazzo-4
Takashi Toyofuku	JAMEST, Japan	Biom mineralization	2013-2016 Joint supervision and publication http://www.jamstec.go.jp/res/ress/toyofuku/index_e.html

List showing our collaboration with various **international** scientists

Collaborator	Institute	Project	Duration / Outcome /Web
Ziniu Yu	South China Sea Institute of Oceanology, China	Oyster aquaculture and immunology	2008-till now Joint publications - 5 papers so far Joint RGC/GEF grant in 2019 http://english.scsio.cas.cn/
Sam Dupont	University of Gothenburg, Sweden	Ocean acidification	2012-till now Joint supervision and publications https://bioenv.gu.se/english/staff?userId=xdupsa
Timothy Ravasi	KAUST, Saudi Arabia	Proteomics and Epigenetics	2012-till now Joint supervision and publications https://groups.oist.jp/macc/first-last
Guofan Zhang and Li Li	Institute of Oceanology, China	Oyster aquaculture	2015-till now Joint supervision and joint grants http://english.qdio.cas.cn/pe/fas/201105/t20110519_70002.html
Minhan Dai	Xiamen University, China	Ocean acidification	2015-till now Joint grants https://mel.xmu.edu.cn/staff.asp?tid=13
Tan Shau Hwai (Aileen)	University Sains Malaysia, Malaysia	Oyster aquaculture	2015-till now Joint supervision and publications http://bio.usm.my/staff/tan-shau-hwai-aileenprofessor/
Maggie Cusack/Susan Fitzer	University of Stirling, UK	Biomineralization	2015-till now Joint grant, supervision and publications https://www.stir.ac.uk/people/257194
Suzuki Michio	University of Tokyo, Japan	Biomineralization	2017-till now Joint grants, supervision and publications https://www.u-tokyo.ac.jp/focus/en/people/people100406.html

List showing our collaboration with various **international** scientists

Collaborator	Institute	Project	Duration / Outcome /Web
Maria Byrne	University of Sydney, Australia	Biomineralization	2015-till now Joint supervision and publications http://sydney.edu.au/environment-institute/person/professor-maria-byrne/
Xiaotong Wang	Ludong University, China	Epigenetics	2018-till now Joint publication https://loop.frontiersin.org/people/426151/overview
Steven Roberts	University of Washington, USA	Epigenetics	2019-till now Joint grants and publications https://fish.uw.edu/faculty/steven-roberts/

List showing our collaboration with **Hong Kong** scientists

Collaborator	Institute	Project	Duration / Outcome /Web
Jian Wen Qiu	Hong Kong Baptist University	Proteomics	2008-2011 Joint grants, supervision and publications http://biol.hkbu.edu.hk/?page_id=823
Stanley Lau	Hong Kong University of Science and Technology	Marine biofilms	2008-2010 Joint grants and publications https://facultyprofiles.ust.hk/profiles.php?profile=stanley-chun-kwan-lau-scklau
SG Cheung	City University of Hong Kong	Hypoxia / Larval Biology	2009-2017 Joint grants and publications https://www.cityu.edu.hk/chem/profile/drsgc.html
Yun Lam	City University of Hong Kong	Proteomics	2011 –2018 Joint grants and supervision https://www.cityu.edu.hk/chem/profile/drywl.html
Jill Chiu	Hong Kong Baptist University	Hypoxia / Larval Biology	2011-2018 Joint grants, supervision and publications http://biol.hkbu.edu.hk/?page_id=835
Ivan Chu	University of Hong Kong	Proteomics	2012-2015 Joint grants, supervision and publications https://www.scifac.hku.hk/people/chu-ivan-keung
Pei Yuan Qian	Hong Kong University of Science and Technology	Larval Biology Proteomics	2008-till now Joint supervision, grants and publications
Gray Williams	University of Hong Kong	Larval Biology Climate Change	2008-till now Joint grants, supervision and publications
Rudolf Wu	University of Hong Kong	Hypoxia	2008-till now Joint supervision, grants and publications
Tong Zhang	University of Hong Kong	Marine biofilms	2010-till now Joint grants and publications http://www.civil.hku.hk/pp-zhangt.html
